4" - 10" M200(A), M300(A), M400, M500

#### Watts Models:

6" - 10" 757(A), 757(A)DCDA  
957, 957DCDA

Use: Check valve compression/ disc replacement.

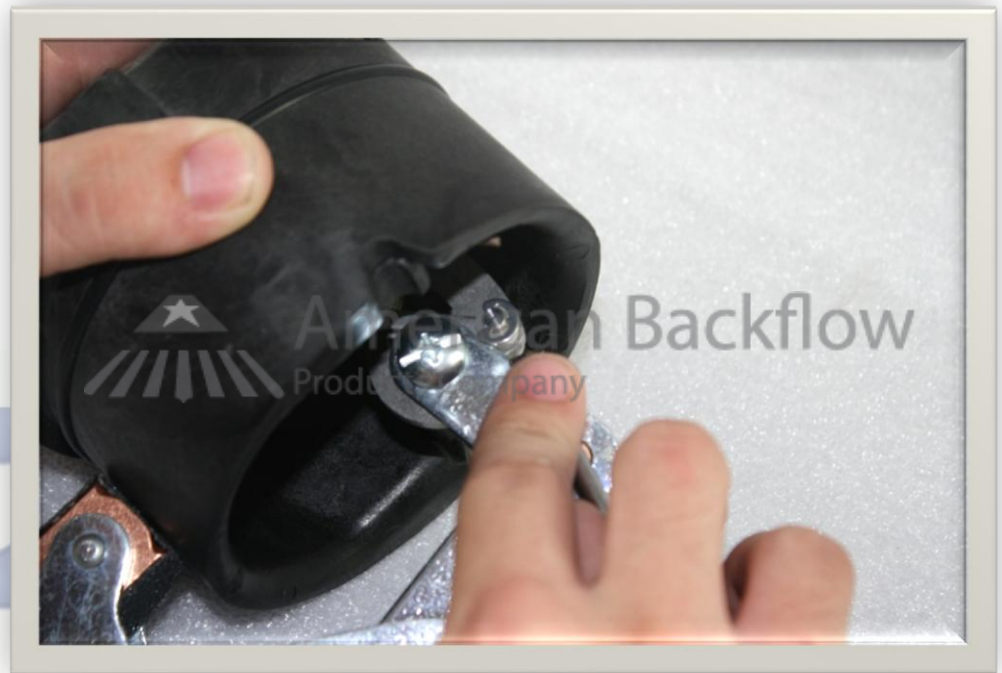

Install tool by attaching screw and wing nut to open hole on linkage.

The claw arm will rest on the outside of the check body opposite of the hinge

Tighten tool just enough until there is no tension on the clapper plate.

Remove “E”-clip and pin connecting the linkage.

The clapper will open with no tension
